**VOURTEQUE**

•Vourteque has been hailed for his iconoclastic take on many forms of music from house, electro and drum-n-bass to gothic country, gypsy fusion and alternative vaudeville. Vourteque is best known for his work in the electro-swing, circuspunk and steampunk movements. He's consistently at the forefront of both music and events and is one of America's quickly rising stars in the neo-vaudeville communities. Musician, producer, remix artist, DJ, carny and ringmaster – Vourteque entertains and wows crowd from Los Angeles to New York. He's won many awards and is featured performer at Chicago Rouge, Detroit's Theatre Bizarre, and Cirque de Soléil just to name a few.

Vourteque's sound can best be described as a cross behind the more house and disco influenced European style of electro-swing but injected with a sizeable dose of good ol' American industrial, techno and gothic blues.
